

INSTRUCTION BULLETIN

No. 340360
Machine: 7300/8300
Published: -10-2016
Rev: 02

NOTE: DO NOT DISCARD the Parts List from the Instruction Bulletin. Place the Parts List in the appropriate place in the machine manual for future reference. Retaining the Parts List will make it easier to reorder individual parts and will save the cost of ordering an entire kit.

NOTE: Numbers in parenthesis () are reference numbers for parts listed in Bill of Materials.

Installation instructions for kit number 386936

SYNOPSIS:

This kit contains the parts needed to install a 36V (750AH) wet battery kit on 7300 / 8300 machines.
Please follow step-by-step instructions.

SPECIAL TOOLS / CONSIDERATIONS: NONE

(Estimated time to complete: 1 hour)

PREPARATION:

FOR SAFETY: Before leaving or servicing machine, stop on level surface, set parking brake, turn off machine, and remove key.

1. Open the top battery compartment cover, and secure in position with the cover support rod.
2. Open the rear battery compartment door.
3. Disconnect battery pack from machine.

⚠ WARNING: Always disconnect battery cables from machine before working on electrical components.

INSTALLATION:

FOR SAFETY: When removing or installing battery, use a certified hoist or lift that will support the weight of the battery. Ensure that trained personnel operates the lifting device. Keep hands free from pinch points while battery is being installed.

1. Remove the existing battery pack from battery compartment.
2. Install the right (2) and left (3) hand battery spacers on the sides of the battery compartment with hex screws (5), washers (6) and hex nuts (7). (Refer to FIG. 1)
3. Mount the rear battery spacer (4) in the rear of the battery compartment with hex screws (5), washers (6) and lock nuts (7). (Refer to FIG. 1)
4. Carefully install the new battery pack (1) into the battery compartment.
5. Connect the battery connector to the machine connector. Close the rear battery compartment door and the top battery compartment cover.
