

# Technical Service Bulletin

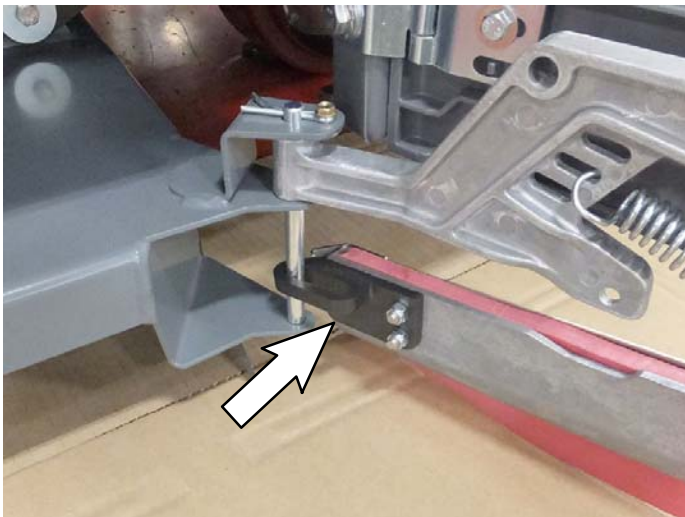

**MODEL(S) AFFECTED: T12 Rider Scrubber**

Models manufactured before:  
June 16, 2016 (Americas), July 14, 2016 (EMEA), July 18, 2016 (APAC)

**SUBJECT:** Defective squeegee guide blocks. These parts may contain a void which will weaken the structure, making it prone to breaking when side squeegee door is opened.

**PURPOSE:** If you have existing stock of part numbers 1201455 and 1200689, please scrap and order new replacement parts. All Tennant inventory has been replaced with quality parts.

**NOTES:** **Warranty Information:** Standard warranty terms apply.
