## High-Speed Cordless Burnisher with Dust Control

**Battery powered, ultra-high-speed rotary burnisher designed for daytime cleaning when customers, staff or patients are present.**

Ideal for daytime cleaning in retail, healthcare and educational premises. Deliver a quiet clean for noise sensitive environments and during business hours with a sound level of only 60 dB.

Exceptional straight line cleaning performance, durability and high manoeuvrability in congested areas thanks to its low profile for greater accessibility and its central castor wheel with a more evenly distributed pad loading for better performance.

With the adjustable handle, the operator can set the operating height at a comfortable level. All controls are on the handle which allows for reduced operator training time.

## B3 High-Speed Cordless Burnisher with Dust Control

### SPECIFICATIONS

Voltage	230 v
Voltage d.c.	24 v
Motor rating	480 w
Working width	430 mm
Pad diameter	430 mm
Pad pressure	3 kg
Productivity rate	700 m <sup>2</sup> /hr
Motor speed rpm	1500 rpm

#### Dimensions with handle folded

Length:	730 mm
Width:	480 mm
Height:	440 mm

#### Dimensions with handle upright

Length:	730 mm
Width:	480 mm
Height:	1070 mm
Handle height	1070 mm

Handle Vibration	<1.6 m/s <sup>2</sup>
Sound pressure level	60 dB(A)
Weight (with batteries)	62.5 Kg
Weight (without batteries)	22.5 Kg
Run time per charge	2 Hr

### BENEFITS

- Cordless burnisher designed for day time cleaning when customers are present
- Effective dust control system with floating skirt and dust collector
- Easy to use controls located on machine handle

For spare parts availability please call your local Tennant organisation for details.

### WARRANTY

12 Months on parts and 12 months on labour, excluding wear items. Optional tools available.
