REDUCE COSTS TO CLEAN, increase productivity and simplify operator training with the T500's suite of innovative technologies, such as ec-H2O NanoClean® technology and IRIS® Asset Manager.

PRO-PANEL™ TECHNOLOGY AND ZONE SETTINGS™
Deliver predictable cleaning results with operator lock-out, on-demand tutorial videos and customizable zone settings, which take the guesswork out of cleaning.

SMART-FILL™ AUTOMATIC BATTERY WATERING

Maximize battery productivity with the exclusive patent-pending Smart-Fill™ technology. Eliminate the need for operators to check, open or fill batteries with an on-board, virtually worry-free battery watering system. (Optional feature)

REDESIGNED SQUEEGEE

Reduce the risk of slips and falls with a redesigned squeegee that improves water pick-up and allows for easier installation of squeegee blades. Features an integrated p-trap that prevents water from dripping on the floor after cleaning.

*T500 run-time based on 260AH optional battery dual-disk head, low down pressure, ec-H2O off, and Quiet-Mode™.
