

3110/3120

Upright Vacuums

- Increase productivity with lightweight handle and heavy-duty performance
- Maximize your ROI with savings from interchangeable parts
- Quietly clean with true OSHA recognized 69 dBA sound level

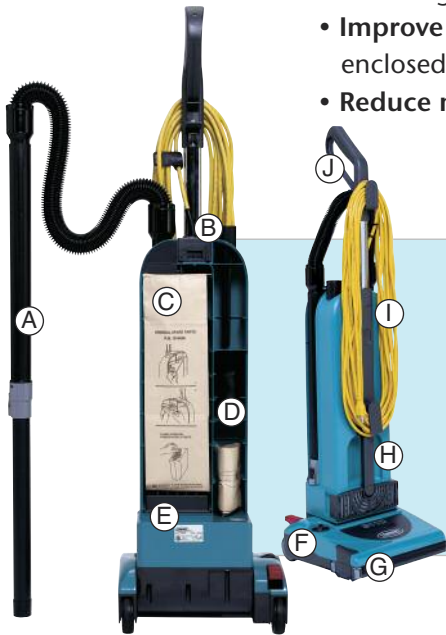

Premium design combined with superb performance.

Efficiently and thoroughly vacuum small to medium spaces with the 3110 and 3120. The handle is 12 percent lighter than the leading competitive upright vacuum while the brush has an RPM speed nearly double the leading competitor's.

IMPROVING PRODUCTIVITY

Designed with the operator in mind, both the 3110 and 3120:

- **Increase operator comfort** – less strain is placed on the operator's forearm and lower back with a light-weight handle.
- **Improve productivity** – expect effortless vacuum operation with easy to push and pull, fully enclosed, ergonomic handle.
- **Reduce maintenance costs and down-time** – quickly and easily replace brush without tools.

- Ⓐ Reach high surfaces easily with telescoping wand
- Ⓑ Easy to maintain with bag full indicator light
- Ⓒ Ensure premium air quality with 3-ply filter bag
- Ⓓ On-board suite of tools: crevice tool, round upholstery dusting tool, and extra paper bag storage
- Ⓔ Enhance air quality with optional HEPA filter
- Ⓕ Flexibility with brush height adjustment
- Ⓖ Protect motor from bumps with Bayblend™ polymer housing on the base
- Ⓗ Easy to lift and transport with accu-balance handle
- Ⓘ Reduce trip and falls with safety-yellow cord
- ⓵ Enhance operator comfort with adjustable, light-weight handle

FEATURES	3110 (12 in / 305 mm)	3120 (12 in / 305 mm)	3120 (15 in / 380 mm)	3120 (18 in / 450 mm)
Motor Motor airflow Motor waterlift	Single motor – 1.14 hp 92 cfm / 42 L/sec 79 in / 2000 mm	Dual motor – 1.07 hp 92 cfm / 42 L/sec 79 in / 2000 mm
