

REINVENT HOW THE WORLD CLEANS

Vacuum Cleaners

Canister
Wet/dry
Backpack

Tennant Company vacuum cleaners offer a full range of features and options to meet the needs of your facility.

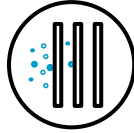

Canister Vacuums

The dry canister vacuum range is designed for cleaning specialists, such as contract cleaners and cleaning companies. It helps ensure high productivity and cost savings.

Maneuverable and durable, Tennant canister vacuums are available in three models. All Tennant canister vacuums which offer:

Efficient and ergonomic design, tailored to help users work without extra strain

Standard 3-stage filtration* and optional **HEPA filtration** provided to maintain good air quality

Quiet performance, engineered so that floors can be cleaned without disrupting work nearby

Construction with up to **55% recycled plastic***, designed to promote sustainable cleaning programs

** V-CAN-12 and V-CAN-16 only.*

Wet/Dry Vacuums

Clean away dirt and water with Tennant Wet/Dry vacuums, and choose the size and power level that you need. All machines are equipped with high-speed motors and give you:

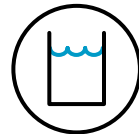

Advanced lightweight design, providing workers with a machine they can use without extra strain

Durable construction, offering long use for your investment

Construction with up to **75% recycled plastic**, helping promote sustainable cleaning programs

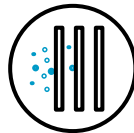

Large tank capacity with drain valve device or tipping trolley (V-WD-62 and V-WD-72)

Backpack Vacuum

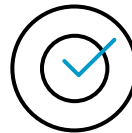

Comfortable to wear and easy to use, the Tennant backpack vacuum helps increase productivity. The vacuum offers:

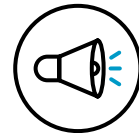

An ergonomic harness and light weight, helping workers perform tasks without extra strain

HEPA 4-stage filtration, maintaining good air quality while cleaning

A full complement of standard **hard and soft floor tools**, making the machine versatile to use

Noise levels at less than 70 dBA, ensuring that floors can be cleaned without disrupting work nearby

V-CAN-12

Canister Vacuum

Efficient and powerful choice for frequent cleaning, maneuverable in tight spaces.

- 3-Stage filtration (with HEPA cartridge as optional)
- Integrated cable wrap
- Two parking positions for easy storage and use
- Detachable cable
- Optional tool holder kit

V-CAN-16

Canister Vacuum

Quiet, high-performing vacuum for many applications, with a high-capacity tank.

- Standard 3-stage filtration (with HEPA cartridge as standard)
- Speed regulator that provides noise adjustment
- Full bag indicator
- Detachable cable
- Telescopic wand
- Optional tool holder kit

SPECIFICATION	V-CAN-12
Airflow rate	44 L/s - 158 m ³ /h
Max. power	840 - 900 watts
Dimensions (LxWxH)	385 x 390 x 325 mm
Tool diameter	32 mm
Weight	6,3 kg
Sound pressure	63 dBA
Power cord length	12 m
Water lift	2260 mm
Tank capacity	12 L

SPECIFICATION	V-CAN-16
Airflow rate	51 L/s - 185 m ³ /h
Power	770 - 870 watts
Dimensions (LxWxH)	400 x 420 x 365 mm
Tool diameter	32 mm
Weight	6,5 kg
Sound pressure	62 dBA
Power cord length	12 m
Water lift	2420 mm
Tank capacity	16 L

V-WD-27

Wet/Dry Vacuum

Versatile, maneuverable, and light, removes liquids and dust with a 27 liter capacity tank.

- Compact parking for easy storage
- Reliable locking of flexible hose
- Trolley with on-board tool holder
- Cable hook for cord management

SPECIFICATION	V-WD-27
Airflow rate	55,6 L/s - 200 m ³ /h
Max. power	1300 W
Number of motors	1
Dimensions (LxWxH)	392 x 392 x 630 mm
Tool diameter	36 mm
Weight	7,8 kg
Sound pressure	70 dBA
Power cord length	8,5 m
Water lift	2350 mm
Tank capacity	27 L

V-WD-62

Wet/Dry Vacuum

Equipped with a user-friendly drain hose, this mid-range wet/dry vacuum is maneuverable and easy to use.

- 2 independent motors for reliable performance
- Easy-to-use drain hose for tank emptying
- Accessories clip for parking in compact spaces
- Trolley with on-board tool holder
- Reliable locking of flexible hose
- Cable hook for cord management
- Optional tool holder

SPECIFICATION	V-WD-62
Airflow rate	111,1 L/s - 400 m ³ /h
Max. power	2600 W
Number of motors	2
Dimensions (LxWxH)	690 x 565 x 920 mm
Tool diameter	38 mm
Weight	18,5 kg
Sound pressure	74 dBA
Power cord length	8,5 m
Water lift	2380 mm
Tank capacity	62 L

V-WD-72

Wet/Dry Vacuum

Large-capacity wet/dry vacuum with smart features that make it easy to use.

- 3 independent motors
- Compact parking for easy storage
- Reliable locking of flexible hose
- Tipping trolley with on-board tool holder
- Cable hook for cord management

SPECIFICATION	V-WD-72
Airflow rate	166,7 L/s - 600 m ³ /h
Power	3600 W
Number of motors	3
Dimensions (LxWxH)	600 x 585 x 1020 mm
Tool diameter	38 mm
Weight	23,4 kg
Sound pressure	76 dBA
Power cord length	8,5 m
Water lift	2380 mm
Tank capacity	72 L

V-BP-7

Backpack Vacuum

Lightweight, ergonomically designed backpack vacuum helps workers clean efficiently in a variety of environments.

- Ergonomic harness distributes machine weight to operator's hips
- HEPA 4-stage filtration
- Standard tool set for hard and soft floors
- Durable construction for years of use in commercial applications

SPECIFICATION	V-BP-7
Airflow rate	50,5 L/s
Max. power	1400 W
Dimensions (LxWxH)	178 x 241 x 533 mm
Weight	5 kg
Sound pressure	< 70 dBA
Power cord length	15 m
Water lift	26 mm
Tank capacity	5,7 L

V-SMU-36

Upright Vacuum

Get better performance and lower cleaning costs with this single-motor upright vacuum.

- Maintain air quality by trapping dust particles with standard HEPA 3-stage filtration
- Clean noise-sensitive areas with low 70 dBA sound level
- Increase productivity and cleaning coverage with onboard crevice and upholstery tools

SPECIFICATION	V-SMU-36
Airflow rate	56 L/s
Power	1190 watts
Number of motors	1
Dimensions (LxWxH)	320 x 370 x 1120 mm
Tool diameter	57 mm
Weight	8 kg
Sound pressure	70 dBA
Power cord length	15 m
Water lift	2260 mm
Tank capacity	6,4 L

V-WA-76

Wide Area Vacuum

Easily clean hard-to-reach areas with a low profile design that provides increased maneuverability.

- Increase productivity and cleaning coverage with a wide 762 mm cleaning path
- Easily vacuum with one-button operation
- Improve indoor air quality with standard 4-stage HEPA filtration

SPECIFICATION	V-WA-76
Airflow rate	106 L/s
Power	750 watts
Number of motors	2
Dimensions (LxWxH)	775 x 914 x 1009 mm
Tool diameter	760 mm
Weight	43 kg
Sound pressure	70 dBA
Power cord length	23 m
Water lift	1804 mm
Tank capacity	60 L
