

REINVENT HOW THE WORLD CLEANS

V-DMU-14

Dual motor upright vacuum

Durable and proven performance

This commercial upright vacuum with dual motor and 14" width delivers high performance and great durability. Maximum versatility to clean a variety of surfaces with control of the dedicated brush motor.

Available technologies

Automatic height adjustment

High efficiency HEPA filter

Durable performance

Reduce downtime and lower service costs with proven durability, lifetime belt warranty and two cord strain reliefs for added cord protection.

Efficient performance

Increase productivity and cleaning coverage with onboard crevice and upholstery tools plus 50ft cable.

Certified performance

LEED qualifying vacuum with Carpet and Rug Institute (CRI) certified Gold performance and noise levels less than 70 dBA.

Inside the V-DMU-14

1. **Adjustable handle** with the choice of three positions: upright, working & low.

2. **HEPA filtration** to maintain indoor air quality by trapping dust particles with HEPA 3-stage filtration as standard.

3. **Motor protection** from overheating by circuit breaker and easy to use thermal reset button.
4. **Automatic height adjustment** allowing for a consistent clean on a variety of floors with the self-adjusting brush height.

5. **Quiet running** from the low 70 dBA sound level means the possibility to clean anytime, even in noise-sensitive areas.

6. **Quick cleanout ports** enable easy unblocking of the vacuum at several points.

V-DMU-14 specifications

FEATURE	SPECIFICATION
Power source	Corded
Power	1200W / 10A
Airflow	120 cfm / 3.4 m³/m
Water lift	65 in / 1650 mm
Weight	24 lb / 11 kg with cord
Bag capacity	0.95 gal / 3.6 L
Machine length	12.5 in / 320 mm
Machine type	Upright Vacuum
Filter type	HEPA filter standard 99.97 percent @ 0.3 micron
Power cord length	50 ft / 15 m
Machine width	14.75 in / 370 mm
Sound level	As low as 70 dBA
CRI seal of approval	CRI Gold
Cleaning path	14 in / 355 mm
Machine height	44 in / 1120 mm
