CONCRETE CLEANER MAINTAINER	FINISHED CONCRETE CLEANER MAINTAINER	15 gal	9006838
	When used with the Diamabrush polishing process, the cleaner/maintainer should be used during the lower grit phases (50, 100, 200 grit) to suspend concrete dust and remove from the floor. In addition to the cleaning properties of this chemical, it also acts as a lubricant for the polymer tools where it helps to reduce friction.	15 gal w/pump	9007401
