

# Orbital Floor Pads and Brushes

CLEAN, PROTECT & MAINTAIN YOUR FLOORS

**Tennant's Orbital Floor Pads and Brushes deliver chemical free floor stripping, reduce water consumption and eliminate the need to handle caustic stripping chemicals.**

- Scrubbing and chemical-free floor finish stripping
- Operate along edges and in corners
- Aggressive scrubbing
- Consistent solution distribution
- Consistent floor finish removal

# PROTECT & CLEAN YOUR FLOORS

## 3M™ WHITE POLISHING PAD

Use the white polishing pad for light cleaning to help remove soil and soft scuff marks with minimal dulling of finish.

## 3M™ RED CLEANING PAD

Red pads are designed for everyday cleaning and light scrubbing to remove light soil, scuff marks and black heel marks.

## MELAMINE PAD

Melamine floor pads are made of an open-cell polymeric foam that removes black marks from floors and restores tile.

## 3M™ BLUE SCRUBBING PAD

The blue pad is used in heavy-duty scrubbing for 1-2 coat removal prior to recoating. It removes dirt, spills, and scuffs while leaving a clean, prepared surface.

## 3M™ MAROON SURFACE PREP PAD

The surface prep pad is designed for heavy-duty scrubbing for 2-4 coat removal prior to recoating. It prepares wood, vinyl tile, sheet vinyl, marble, terrazzo and concrete floors for finish applications.

## SCOTCH-BRITE™ PURPLE DIAMOND PAD

The purple diamond impregnated pad is used for daily cleaning and maintenance of a polished floor.

## GREEN TURF PAD

The green turf pad is designed to clean grouted tile floors, such as restrooms, and is capable of cleaning deep into grout lines. It is also effective on terrazzo, non-slip surfaces, concrete and other uneven floors (*see before & after photo*).

## ORBITAL PAD BACKER WITH VELCRO

The pad backer allows for compression of the working pad to the floor for optimal scrubbing or removal of floor finish. Uniquely designed to prevent the working pad from falling off during use or transportation.

## RED SONIC SCRUB

The Red Sonic Scrub orbital brush is ideal for deep grouted tile application. Its bi-level filaments provide optimal scrubbing action by reaching deep into grouted tile and uneven flooring. It is tufted with polypropylene and nylon fibers.

## GREEN SONIC SCRUB

The Green Sonic Scrub orbital brush is ideal for grouted tile, VCT flooring and even floor applications. With more nylon filaments, it's less aggressive than the Red Sonic Scrub.

DESCRIPTION	14" X 20" PADS	14" X 28" PADS
3M™ White Polishing Pad	1205512	1223246
3M™ Red Cleaning Pad	1205513	1218157
