

CREATING A CLEANER, SAFER, HEALTHIER WORLD.

SOLUTIONS

INDUSTRIAL SWEEPERS FOR MINING AND HEAVY INDUSTRY

IMPROVE SURROUNDING ENVIRONMENT WITH MAXIMUM DUST CONTROL

- Reduce airborne dust with innovative sweeping and filtration systems
- Control dry dust in the harshest, most congested sweeping environments
- Maximize equipment uptime with reliable, factory-trained service network and local parts inventory

RELIABLE AND CONSISTENT PERFORMANCE IN DEMANDING ENVIRONMENTS

TENNANT ADVANTAGES FOR TOUGH APPLICATIONS

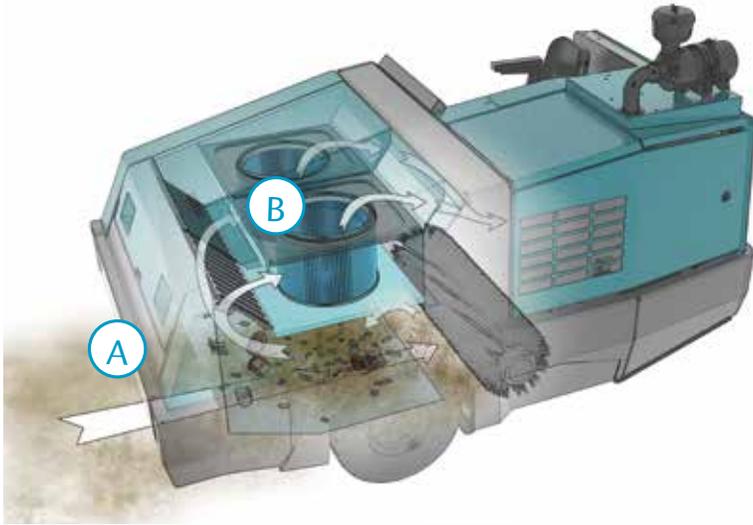

Controlling dust and debris in mining and other heavy industries is a daily challenge. Tennant has the answer with a full-line of industrial sweeping solutions to help you:

- Decrease equipment maintenance costs and cleaning expenses and increase worker safety by reducing airborne dust and debris
- Maintain air quality for the work site and neighboring areas, reducing risk of regulatory fines
- Maximize uptime with factory-trained technicians and OEM parts
- Reduce raw material loss and achieve effective cleaning performance
- Clean efficiently with highly maneuverable machines

RESPONSIVE MACHINES WITH POWERFUL FEATURES

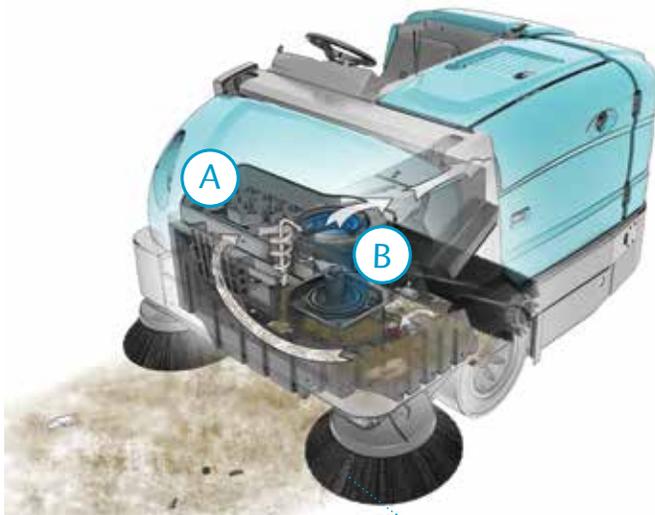

Customers in heavy industries appreciate the productivity of all three models. High hopper volumes, high weight capacities, and automated dumping capabilities allow one operator to perform the entire cleaning process efficiently and safely.

SWEEPING SYSTEMS

800 LARGE, INDUSTRIAL RIDER SWEEPER

- A** Multi-level 0.11049 indump hopper empties debris into containers as high as 6 ft / 1.8 m. The large capacity allows for more continuous cleaning time
- B** Reduce visible airborne dust with a quad filtering system that includes debris deflector, Perma-filter™, lint trap and twin-cylinder filters

S30 MIDSIZE, INDUSTRIAL RIDER SWEEPER

- A** Ensure operator safety by alerting and shutting down sweeping functions if increases in hopper temperature are sensed by Thermo-Sentry™
- B** SweepMax® Plus provides cyconic filtration and dry dust control for sweeping all floor surfaces

S20 MIDSIZE, INDUSTRIAL RIDER SWEEPER

- A** Get longer run times and filter life with ShakeMax 360 filter shaker that dislodges dust particles from deep folds and improves air filtration.
- B** Reduce operator training time with simple, all-levers-forward operator controls.

TENNANTTRUE® PARTS, SERVICE AND FINANCE SOLUTIONS

- Reduce rework, labor and safety costs by using only TennantTrue parts and service.
- Ensure optimal cleaning performance by selecting a TennantTrue Service program provided by a network of over 400 factory-trained Tennant service representatives.
- Improve uptime by leveraging TennantTrue parts and service.
- Simplify budgeting by bundling TennantTrue service plans, including parts, into the purchase or financing of your machine.
